

Locally Owned and Operated Since 1976

## BABB SECURITY SYSTEMS, we deliver peace of mind.

- From the initial consultation to the expert installation, BABB SECURITY is here to handle all phases of your project.
- We offer 24 hour emergency services to best protect our clients.
- We, at Babb Security Systems, are proud and delighted to be celebrating our 40th year in business.
- Lorne Babb first opened his doors at 436 Water Street in 1976. A few years later, he was joined by his youngest brother Darrell. The business has since expanded to include our base - a 5000 square foot office and warehouse at 6 Vanguard Court .
- Babb Security is truly a family-run business. Lorne's wife Arlene and their son Gene along with his wife Beverly work in the business as well as Lorne's brother Darrell and his sons David and Matthew.
- One of the main reasons for our success is our employees. We now employ 20 experienced and trustworthy people. The other is our customers. Our customers are our number one priority.
- We want our clients to have access to the latest in technology and security products and access to service 24/7. Make sure the customer is happy.
- We have seen a lot of changes over the years in this industry - especially in technology. We have evolved from a one man locksmith shop to a full service security company – access control, alarms, surveillance camera systems, door automation, hotel locking systems, security grills, ATM installations, safes and vaults – we do it all.

“ I am thankful for all our loyal customers across Newfoundland and Labrador– they are the lifeline of the business . The company's stability and growth over the years is a true testament to the hard work and dedication of our staff and to the trust and confidence our valued customers place in us. Without them, we would never have been able to reach this milestone. To everyone I sincerely say thank you. It's been quite a journey. Hey, looking forward to the next 40 years!

### OUR MISSION

To provide each and every one with the best security solutions using high quality products.

Granddaughter, Hailey Babb, third generation, busy at her summer job at Babb Security

BABB Security built this custom 2 door safe with inner compartments all integrated into the buildings card access and alarm system.
